To Whom It May Concern:

Our office recently put our new signtronix sign up in our office window. The response has been excellent from our patients and even people walking by the office. Several new patients came in to inquire after seeing the sign and stated that they did not know that we were here. I suspect that we will continue to get positive feedback from our new addition. Thank you for introducing us to a new way of advertising.

Sincerely,

Amy J. Mullins, D.C.
