C/O Jim Callahan

Jim,

I would just like to drop you a quick note to say how happy we are with our new IS- LED-2 sign. It has proven to be very noticeable from the street in the daytime as well as the night. The SUPER BRIGHT technology is very visible and easily read!

We love the versatility of the LED portion of the sign and use it to advertise our specials and to promote our many services. We also use the built in clock to offer the public the correct time and keep them looking at our business.

The quality of your sign is everything you said it would be and is having an impact on our walk-in business. We are totally satisfied with the product and your company. This is our second purchase from your company.

Thank you,

Ted & Miranda
