Dear Sirs:

We are delighted with our new sign. We have been at our present location over fifteen years and have never been on the shopping center sign. Our new Signtronix sign allows us to be seen from the main entrance as well as allowing us to promote special sales and events. Many people from our own neighborhood have seen the sign and have come in for the first time. Thanks for your contributions to our continuing success.

Sincerely,

Audean Tuell, CN

P.S. 9 out of the first 30 new customers came in because of our new ISLED window sign!!
