Dear Mr. Young,

I am writing this letter to express our appreciation to you and to Gulf Industries for our new sign at our Rusk location. Since we had our sign installed we have received many compliments about its visibility and appearance. We started business in 1984 at that location and before your sign went up we still had people say that they didn't know we were in Rusk! Thanks for the visibility and recognition.

I was pleased with the design and delivery of our new sign and enjoyed working with someone who demonstrated good knowledge of the product and was helpful with design. I thank you and Gulf Industries for helping our business and look forward in the future to possibly doing additional business with you at our Nacogdoches location. I will confidently recommend Gulf Industries to any business owner looking to improve their recognition and sales.

Sincerely,

Kay L. Rudasill  
Owner
