Dear Tim & Signtronix,

My sign has been up for almost 18 months and in that time I have seen an increase in business of at least 50%.

I never believed a good sign could be that important to the success of my business. You made a believer out of me!!!

The installation was easy and the sign is very bright.

Your customer service department was also very helpful.

Overall we are very happy with the whole process.

Thanks for all your help.

Sincerely,

Terry Tipton
