Dear Signtronix:

**I have been at my current location for over 7 years
My primary business has been Auto Repair and
inspections. I added a alignment machine, but the
problem is nobody except my current customers
knew. My alignment business has tripled and my
Auto Repair has increased about 10%.**

**I removed my old sign and put the new Signtronix sign
up in less than a hour. It has helped my business image
and it looks updated and professional.**

**Many customers have commented on how beautiful
the sign is. It is a BEACON IN THE NIGHT.**

I would highly recommend Signtronix to any one.

**Thanks Signtronix
Phillip Earnheart**
