Dear Sir:

I just wanted to drop you a line to let you know that the sign we purchased from your company is up and announcing to the world who we are and where we meet. I'm sure you'll also be interested to know that we had two phone calls as a direct result of the sign within hours after putting it up. One caller asked about our church beliefs, how long we had been meeting, etc. The other caller wanted to know about the sign, where we bought it, are we happy with it, and so forth.

The flexibility designed into our sign means that it should be able to serve us for many years to come. The cross logo and church name are all embossed to add a dynamic dimension to those viewing it at highway speeds. The church office telephone number is created from adhesive vinyl numbers so we can change it ourselves if the area code or the number changes. And of course the four lines of marquee lettering will allow us to change our message any time in minutes.

Thank you for your assistance in designing this sign. As a brand new church, we pray that this sign will not only be a light in our community, but that our church will be one, also.

Respectfully yours,

Lakeside Bible Church
