Main Street Program,  
I would like to thank you for making the stop at my Kil n Time Studio & Gifts, Inc.  
business here in Denton, Texas giving us the opportunity to advertise our store by your sign.

**It has been wonderful to know that our investment has paid off with increased sales and visibility.** Being a contemporary paint studio, it is important that everything about our business is fun and welcoming. The sign designed with our logo and colors offers that to anyone that is driving by and curious about what we do.

Once again, thank you,
